Desire to Wed on Thanksgiving Impels 151 Couples to Seek Recorder of Deeds Office-Extra Force of Clerks Necessary to Take Care of Applicants-Some Become One Ere the Ink Is Dry-Women Stand Ordeal Better Than Men.

All marriage licease records in Missour. for one day were broken yesterday at the City Hall, when 151 couples made application for the nuptial permit. St. Louis's best previous mark was 117, made the day before Thanksgiving last year.
Beginning at the opening of the Record-

er of Deed's office early yesterday morning until after 4 o'clock in the afternoon the procession of prospective bridegrooms and brides was unbroken, and sometimes as many as four couples were in line wait ing for Heenses.

Expecting a great rush this Thanksgiv-ing. R. J. Carroll, Justice of the Peace, took up headquarters in an adjoining room and couples were married hardly before the ink on the licenses dried. The Reverond Doctor Pierce, a negro preacher, also kept within a short distance, and answered several hasty calls for marriage on

For several days the indications have been that all records would be eclipsed this year as the number of licenses, while unusually heavy, has been increasing from day to day in the last week. The day before Thanksgiving is the favorite day of the year for couples to secure licenses that they may be married on the big turkey holiday. Christmas, however, does not seem to have any extra attractions, as there usually is very little increase at

The office force was increased yesterday. but four men could hardly keep up with the steady demand from couples of all ages and nationalities. P. S. McDermott, the regular license clerk, was assisted by M. A. Rust and Paul Young, Sr., and several other clerks from the Recorder of

The couples could be distinguished easily as soon as they arrived at the entrance of without doubt, however, when the man where "the marriage license clerk's office" was. The woman and girls usually hung back, and if there were other people in the room where the licenses were being issued they hesitated about going in. The crowd outside, however, was worse than the one inside, and the applicants usually took quickly to the swinging doors after

In some instances whole families accom-panied the applicants and literally overran the room. Family histories and fu-ture plans were spun to the clerk. Others e alone, blushing, and sometimes hand in hand, and it was with a sigh of relief that the young man would pocket the license, grab his fiancee's arm and hasten

from the building by the nearest entrance.
When the rush was at its height one young man was more nervous than the rest, and he forfeited his place in the line three times to drop back to recover his courage. Finally, when he did reach the desk and the ordeal was about over, he asked the clerk how much he should pay for the license. He was told \$1, and,

pay for the licerse. He was told \$1, and, sticking a trembling hand into his pocket, he pulled out a lot of loose change. Then came a fatal tremor, as he started to count it, and the handful of money went flying to the floor, roiling to the four corners of the room.

His embarrassment was so great that the clerks and others volunteered to help him gather his money, and he could hardly wait until all had been collected before he bolted for the door, through which the girl aiready had fied.

As a rule, the women stood the ordeal better than the men. They were more backward in going into the room, but when the questions came they often went to the rescue when her betrothed found his tongue strangly stubborn in pronouncing his own name.

IAN III	
	Indications Point to An- other Big Battle Near the Sacred City Be- fore Winter.
	ARTILLERY DUELS FREQUENT.
SA	General Kuropatkin Content to

Await Results and Allow Marshal Oyama to Assume Offensive.

STOESSEL MAKES A SORTIE.

Nogi Drives Garrison Back Inside the Fortress - Building Blown Up Near Arsenal Inside Port Arthur.

Mukden, Nov. 21-Indications are growwide turning movement on the Russian left. A large umber of commissariat wagons have been observed going eastward, and some artillery exchanges have also been reported from the eastward.

General Kuropatkin has permitted men who have captured horses to sell them to officers, the proceeds to go to the families of men killed in battle. Fodder is becoming exceedingly scarce.

APPEARANCES POINT TO BIG BATTLE SOON.

St. Petersburg, Nov. 24, 2:25 a. m.-Ap pearances again point to the possibility of a big battle south of Mukden. The Japanese, according to an official report, have received a severe setback in the vicinity of Sintsintin, in which direction they apparently were attempting to exe cute a wide turning movement.

Military opinion here scarcely believe it possible that the two great armies can winter less than a rifle shot distant from each other, though the heavy defenses on each side make it extremely difficult for either to assume the offensive.

It is believed, however, that if the dead lock is to be broken General Kuropatkin will let Field Marshal Oyama take the initiative, as the Russians have the better of the present position, namely, a strong line of defense and Mukden behind them, making satisfactory winter quarters where the Russian re-enforcements are now accumulating for an advance next spring. The Japanese also are being strongly re-enforced.

The rivers are already frozen sufficiently to permit of the movement of artillery and commissariat trains, so that the country actually is better adapted to a Japanese advance than during the summer. SORTIE REPULSED

AT PORT ARTHUR. Tokio, Nov. 23, 3 p. m.-A telegram from Finest qualities, \$3 to \$30. Mermed & Jaccard's, Broadway and Locust. the headquarters of the Japanese third army besieging Port Arthur, dated at midnight, November 21, the enemy made a LICENSES AT CLAYTON. counter-attack on our force in front of

the north fort of the eastern group of forts on Kekwan Mountain. The attack CANNOT was repulsed." A report was received to-day from Por-Arthur that a building near the arsenal caught fire about noon, November 22, ow-

ing to bombardment of paval guns. Pive submarine boots arrived at Yokahama to-day. These are probably the boats shipped from Quincey Point, Mass., early in October.

A report of a skirmish in force comes from the Manchurlan headquarters. A detachment of Japanese captured the enemy's ground toward Weitzuku, north of Sienchuang, Monday. The enemy was pressing the Japs back by superior force when re-enforcements arrived, and the Russians were driven toward Chenbolin. INCREASING DESERTIONS FROM RUSSIAN GARRISON.

London, Nov. 24 .- A dispatch from Tokie to the Standard reports increasing deserand Ella Henekel of No. 2851 Wyoming tions from the Port Arthur garrison into the Japanese lines, the stories deserters McIntosh of Valley Park: Frank Mead of tell indicating the demoralization of the St. Louis and Myra W. Skinner of Webster Park; Frank Cook and Kate E. Clark of DeHodiamont; Joseph Meyer and Lisette Werremeyer of St. Louis; Joseph Keans of St. Louis and Irene Nicholson of Bonne Terre; Thomas W. Armentraut and Rose Hock of Kirkwood; James A. Dickinson of St. Clair, Mo., and Anna W. Birckhead of Salisbury, Md.; August J. Grogg and Flossie McConnell of No. 223 Eugenia street; Frederick H. Kratz and Lena Schisler of St. Louis; Wm. T. Loftiss and Myrtie Pickett of No. 399 South Second street; William Mutschler of No. 1915 Sidney street and Eleanor Mockler of Webster Groves; Hezekiah A. Thomas of DeSoto and Mary E. Jones, of No. 3717 Kossuth avenue; William T. Jenser of Strat, and Mary A. McGrath of Central.

James H. Fiske and Frances Neff got a license in St. Louis, but went to Clayton to be married. Justice R. F. Stevens of Maplewood performed the ceremonies. St. Louis and Myra W. Skinner of Webster Russian defenders. The same correspondent says the Russian defenses on the sea front of Port Arthur no longer fire on the approach of the warships.

A Japanese correspondent, writing to the Morning Post, betrays growing anxiety concerning the Russian second Pacific squadron, which probably is due to the "strength of Port Arthur's resisting

The Japanese, according to a dispatch from Chefoo to the Chronicle, are reported to have captured the British steamer Tungchow, laden with 30,000 cases of canned meat for Port Arthur.

#### SENDING OUT CIRCULARS FOR SMOKE ABATEMENT.

Civic Improvement League Asking

Aid of the Firemen and Alleged Shoplifters Cause Excitemen

The Civic Improvement League is to make renewed efforts in the enforcement of the antismoke ordinance. The league Two men, alleged shoplifters, pursued has been co-operating with Attorney General Crow in the matter and in the preparation of briefs and other documents which were presented to the court in defense of the ordinance. The work of the league was carried on

under the direction of its attorney. Luther Ely Smith. Now that this ordinance has been made effective, the league will use every endeavor to have its provisions strictly enforced.

strictly enforced.

The League's Smoke Abatement Committee has prepared circular letters which are being sent to all persons interested in the smoke question. Letters have been sent to steammakers, asking their co-operation in the efforts being made to purify the air and appealing to their civic pride in securing an attractive city. Also calling their attention not only to the importance of proper boiler settings, but also to the necessity of operating and maintaining the same properly, and of careful firing.

ONLY GRAND PRIZE FOR ADDING MACHINES COMES TO ST. LOUIS.

ONLY ADDING MACHINE RECEIVING GRAND PRIZE.

To St. Louis belongs the credit of taking | it has 1.800 less parts than other adding the grand prize offered by the Louisiana Purchase Exposition for the best adding machine. The only grand prize awarded in this group was conferred on the Standard Adding Machine, manufactured by the Standard Adding Machine Company, a corporation organized in St. Louis, with St. Louis capital, whose factory at Forest ing that the Japanese are undertaking a Park boulevard and Spring avenue has Park boulevard and Spring avenue has enjoyed the distinction of being the largest, best lighted and best ventilated adding machine factory in the world. The conferring of the highest award on the Standard Adding Machine is not equivocal, as have been some of the prizes given at the World's Fair. It is the only adding machine among a number which received the grand prize, and the award was based on ten reasons as found by the jury granting it.

ten reasons as found by the jury granting it.

These reasons were accuracy, durability, simplicity, capacity, speed, portability, visibility of work, alignment, economical distribution of energy and price.

Of its accuracy the jury found that the movements of the machine were positive; that it worked as well on a sloping as on a level surface, and that it was not necessary to pull the power lever twice to get correct answers. Even though the operator should forget to pull the second time his answer is correct. As to its durability, actual tests in the jury's presence proved to the latter's satisfaction that the best quality of steel and the best of other material composing the machine were used, and that the tools with which the machine is made are themselves manufactured by the Standard Adding Machine Company and every piece of the mechanism is inspected and tested before being made up. The machine was found to be the simplest in its mechanism and operation. All the adding is done with nine keys, one of a kind, and notwithstanding the machine has \$0.00.000 greater capacity than any other adding machine and adds anything from one cent to \$2.595,593.38.

it has 1.89 less parts than other adding and listing machines.

The jury found that the construction permitted unlimited speed, and that human manipulation is inemable of working it to a limit of its speed capacity. The power lever was worked 28 strokes per minute, in a test if an operator could strike figures at the same rate, the machine would record is 80 items an hour. The size of the machine, which is about that of an ordinary typewriter, and the weight, which is forty pounds, permit it to be easily moved from one desk or apartment to another, and it is the only adding machine which gives visible printing. The alignment is always perfect, because the type is not single, but is cast solid, and only the amount of power or othersy is used in each item to work the mechanism necessary to add that quantity. Finally the price, \$185, for the Standard product was declared as reasonable as compared with the grade of the article that it was voted a great benefit to mankind.

The extraordinary lightness, accuracy and speed of the Standard Adding Machine was the result of five years of experiment. The machine has been successfully in operation for the same length of time, so that its highest development has covered a period of ten years, and it is now as near perfection as human inventiveness and insenuity can make it. The Standard adding machine is in general use in nearly every business establishment where the computing of figures has to be done, and it will do accurately in one day what it usually takes from one to two weeks to do without it. The machine has but nineteen keys, against eighty-one in other machines, but all the addition is done by nine keys, the other ten being used for setting the machine.

The officers of the Standard Adding Machine Company are: Francis M. Call, president; A. H. Duncan, vice president; F. X. Craft, secretary, and D. G. Sliver, treasurer.

## GLAD TO HELP ST. LOUIS MUSEUM

Italian Commissioner Says He Will Assist in Getting the Necessary Exhibits.

PROMISE

Representatives Sav Consent Must Be Obtained From Their Country's Government for Disposal of Exhibits.

H. H. Wernse, L. D. Kingsland James Reardon, D. I. Buschnel and E. S. Lewis, representing the Museum Committee of Sixty, met at the World's Fair Administration building yesterday afternoon to confer with President Francis, the foreign Commissioners and the heads of the departments as to the feasibility and the advisability of establishing a permanent general museum.

The Commissioners present were in compathy with the movement, but cou'd not promise many gifts, as the exhibits belong to the Governments and not the Commissioners, and the Commissioners have not the power to dispose of them in any manner without the consent of the Government.

and invited the committee to visit the exhibits and select such material as they would like, and then ask the Governments for it for museum purposes, stating that they would do what they could to assist the Mseum Committee of St. Louis.
"I will promise this," said Mr. Branchi

of the Italian Commission, "anything that I may be able to give I will gladly give to St. Louis. I have asked my Government for one or two exhibits for other museums, but as yet I have not received a reply. I will not ask for gifts for any other city than St. Louis hereafter, as I prefer to favor St. Louis and I will do all I can to further the museum movement."

President Francis expressed the desire that if a museum should be established, to make it a museum should be established, to make it a museum should be established, to make it a museum historical of the Louisiana Purchase Exposition. The Exposition management some months ago appointed a committee of five for the purpose of securing material for such a museum.

While the foreign representatives thought that St. Louis was rather late in the field, yet they all expressed a willingness and a desire to assist the citizens of St. Louis in establishing a museum. The committee of five will report Friday afternoon to the Acquisition Committee at the Mercantile Club, when the matter will be definitely decided. other city than St. Louis hereafter, as I

The body was removed to the morgue.

#### WENT TO BUY STAMPS; FOUND WIFE INSTEAD.

Treasurer of Terminal Railway Assoclation Weds the Pretty Postmistress Who Served Him.

A pretty romance, starting from an acquaintance formed through constant daily association in business, had a happy ending in the wedding of Fred C. Daab, treasprer of the Terminal Bailway Association. and Miss Marie Louise Ludorff, formerly Postmistress at the Union Station Post Office, last Monday evening at the home of the bride's uncle, M. E. Kuhn, in Nor-

As treasurer of the association, Mr. Daab is stamp-purchasing agent for all its several offices. This business was usually attended to by a clerk, but stamps were needed one day about two years ago when the clerk was absent, and Mr. Daab called at the Post Office presided over by Miss Ludorff. This was the beginning of a custom which grew each passing day, the clerk being thereafter relieved of the burden of buying stamps.

From these daily visits an acquaintance soon sprung up, to be succeeded in a short time by a deeper regard. In a few weeks Miss Ludorff resigned her position and made her home with an uncle in New Where Mr. Daab made regular weekly visits. As treasurer of the association, Mr.

where Mr. Daab made regular weekly visits.

A few days ago Mr. Daab announced his intention of taking a week's vacation and quietly left town without taking his most intimate friends into his confidence. His marriage followed Monday evening and the news first came to St. Louis in a Republic special Tuesday morning. He and his bride left Normal immediately after the wedding for a brief honeymoon trip and will return to St. Louis the latter part of the week and move into their newlyfurnished home. No. 223 Russell avenue.

Mr. Daab has been connected with the Terminal Rallway Association for many years. He resided at Belleville until his marriage.

# DECISION AWARDS ENGINEER \$20,000

Supreme Court Affirms Judgment for Man Who Lost Two Legs in Explosion, but Reduces Damages.

ST. LOUIS CASES DECIDED

Judge Marshall Renders Decision Holding Foreign Insurance Companies Doing Business in State Are Residents.

REPUBLIC SPECIAL

Jefferson City, Mo., Nov. 21.—Division No. 1 of the Supreme Court met to-day teen by Judge Marshall, four by Judge Valliant and two by Judge Brace.

In the case of Helm vs. Missouri Pacific, wherein the plaintiff recovered judgment for \$5.00 for the death of her husband the judgment was reversed for errors committed in the trial

In the case of Meyer vs. Phoenix Insurance Company, Judge Marshall made an important ruling on the question of juris diction, holding that, within the meaning of the Missouri statute, a foreign insuance company licensed to do business here is a resident of every county and town-

ship in the State. In the case of F. W. Kaiser vs. City of St. Louis, wherein plaintiff had recovered judgment for \$2,000 for personal injuries, the court reversed the judgment. Kaiser was driving a milk wagon, which wa overturned by reason of a defect in the street at No. 2775 Chouteau avenue. The

overturned by reason of a defect in the street at No. 2775 Chouteau avenue. The court holds that it is the duty of the cit to keep the streets in a reasonably surcondition, but that it was not an insure against all accidents, and that it could not be held for injuries which ordinary prudence on the part of a street passenger could have avoided.

In sustaining the judgment in the case of Keen vs. Keen, an ejectment suit from St. Charles County, the court entered into an interesting discussion of common law marriages, and held that a common law marriage between a white man and a negro woman could not be presumed.

One of the largest damage verdicts ever before the Supreme Court was considered to-day in the case of Markey vs. Louisann and Missouri River Railway Company, wherein plaintiff had obtained judgment for \$35,000 for injuries done him be the explosion of a locomotive boiler in Pike County. Judge Vaillant, writing the opinion, held that the verdict was excessive, but that it would be sustained if the plaintiff would remit \$15,000 in readings amputated. He gets \$10,000 for each legs.

In the case of Perrigo vs. St. Louis et al. Judge Brace affirms the judgment for all, judge Brace affirms the judgment for all the case of Perrigo vs. St. Louis et al. Judge Brace affirms the judgment for all, Judge Brace affirms the judgment for all.

legs amputated. He gets \$10,000 for each leg.

In the case of Perrigo vs. St. Louis et al., Judge Brace affirms the judgment for \$1,000 against the city. Plaintiff stumpe, her toe on a cellar door, was thrown to the ground and received severe injuries. The court holds that the cellar doorshould not have been allowed to obstruct the sidewelk. Another case against the city was that of Catherine Gerst vs. St. Louis. The city dug a sewer on Newstead avenue, and caused the walls of plaintiffshouse to crack, damaging her in the sum of \$1.700, which the city must pay.

The proceedings of the court were as follows:

Motions, etc.;

Motions, etc.; Gerhart vs. Tucker et al.; transferred to court Enpp vs. St. Louis; transferred to court en banc.
